Thanks for clarifying. I don't do many FOIAs.

John

John, a bill will be issued under separate cover - the billing is sent out by the FOIA office now - it will not be accompanied with the response

Brian,

In response to your February 6, 2013 FOIA request, please find attached copies of the permits for the Bad River WWTF located in Odanah, WI. Since you stated in our telephone call today that you were interested in permits that covered the timeframe beginning in 2006, there are 2 permits that are applicable. I am also sending you a copy of the recent draft permit for the facility. Please note that the draft may change as we continue the permitting process.

At this time, we are compiling the DMRs that you also requested by email and will be included as part of the FOIA response. You will be billed with the final response.

Let me know if you have any questions.

John
